## Health and Safety Management

“It is our policy to provide a comprehensive and practical health and safety service to all organisations to the highest standard possible.”

We only manage health and safety, so our attention is clearly focused!

## The Company

Abco Safety Logistics is a subsidiary of Abco Management Limited and offers a comprehensive health and safety support service to the construction industry, including both CDM Support Services, Contractor/ Designer Health and Safety Management Support, Site Auditing/ Monitoring and Health and Safety Training.

Our Senior Health and Safety Advisors are IOSH Chartered Health and Safety Practitioners (CMIOSH) and our Director of Safety is the current Chairman of APS Membership Committee and a national Director of APS. (Association for Project Safety) and APS President.

We provide health and safety work support services in all areas of industry, training and commerce in both Public and Private sectors.

## Philosophy

Our philosophy is that successful health and safety management can only be achieved using the team approach where information is made available and shared by all parties.

We provide all our clients with the level of service which they require to manage their work places and projects safely and with legal compliance.
